

## THE PRESIDENT OF THE REPUBLIC OF VESTINA TELEGRAM

*To His Excellency, the Head of State of Elnäthar  
October 4, 2025*

I, the President of the modern Digital State - the Republic of Vestina - have the honor to address you on behalf of our people.

The Republic of Vestina stands as an example of the realization of the principle of democracy, and the harmonious coexistence of modernity and liberal conservatism.

The experience of state-building in Elnäthar has become an important point of reference for us in developing the concept of a micronation.

Modern developed states must stand together, creating and strengthening the democracy of the global community.

Based on the commonality of our national interests, I put forward the following proposals:

1. To organize diplomatic negotiations in any format convenient for you;
2. To include on the meeting agenda the possibility of establishing diplomatic relations between our states;
3. To consider opportunities for further cooperation and friendship.

I look forward to your response.

To assist in making a decision, I am providing contact information for our social networks and email, as well as the official website of the President, where you may find general information about our state.

**Respectfully,  
President of the Republic of Vestina  
Evgeniy K.**
